

### **Sankalpan Group unveils national expansion plans**

Mumbai-based Sankalpan Group, India's foremost and fastest growing integrated realty and premium infrastructure services provider, has recently unveiled its business expansion plan across the country.

Detailing on Sankalpan's current projects, Atin Kulkarni, Vice Chairman said, "We have recently bagged a \$2 million interior fit-out turnkey project for a leading NASDAQ listed IT major. We will be designing 700 seats facility at one of the SEZ in Chennai that will have the latest imported furniture, fittings and finish, not to forget an interior design that matches the international standards with Sankalpan's touch all across."

Announcing his company's plans, Ninad Randive, Chairman, Sankalpan Group said, "In near future, single point sourcing for all construction activities will be the rule of the game. Anticipating this trend much in advance, we are already providing integrated services to our clients easing their complex tasks." He further added that Sankalpan will soon be launching its facility management services as a new business venture and is looking for potential partners.
